Adtel Phone Company Limited has forged strategic partnerships with leading international telecommunications companies with high reputation in their areas of specialization. Adtel Phone Company is licensed by the Communication viagra sans ordonnance Commission of Kenya (CCK) as a premium service provider.

Adtel Enterprises Ltd also works in partnership with the mobile service providers in the development and deployment of value added services. Currently we have an SMPP connection to both Zain and Safaricom's SMSC. This enables both us and our clients to achieve maximum throughput as far as sending and receiving text messages is concerned.

Solutions Offered:
Adtel provides a fully featured SMS platform that integrates third party content providers into a mobile operator's infrastructure at least cost. We offer a flexible messaging solution to SMS-enable any application, data, website or ERP system.
